

Greetings!

We're endeavouring to make our newsletters less cluttered, and more focused on the things you want - which is to look and feel great!

Do we have some exciting news for you!

New super cream in town
Skin needling now at Lyte (look at Chris's eyes!)
Winter Face & Body Bundle
Kate Rose Massage - now at Lyte
New Online Booking System

There is a new super cream in town...

I'll let you in on a secret. I have had a small patch of dry skin on my nose for over 4 years. When I've had my skin checked, the doctor tells me "it's a blocked hair follicle" and completely OK. It still has driven me crazy. No amount of treatments has shifted it, but it is now GONE! (!!!)

And it's all thanks to Dr Nimni!

Our range of Elizabeth Arden PRO is amazingly effective and most important of all simple to use, without the necessity of having a drawer full of products. It's basically my type of skin care regimen. One or two products and your done!!

So, when Chris and I attended our latest day of skin care training the other week and were given a sample of Nimni Cream to use, it went straight into my "I'll do it later" drawer.

Until, that is, I saw the immediate changes in Chris's skin. I am now hooked.

It's not for everyone. If you haven't been using an active skin care product, or have a compromised skin barrier (both of which we can fix by the way) or are allergic to Aspirin or pregnant, then it's not for you.

But if you have dry patches of skin (like me) and are showing the signs of ageing and reduced collagen production - it starts reducing once we turn 20 - in my opinion it's worth every cent.

We only have 2 small jars from our initial stock left (it's been walking out the door). These are only \$50. After that, full sizes are \$380 and will last months and months.

Deb xx

Introducing Skin Needling at Lyte

Unfortunately, laser and IPL treatments cannot be used on everyone.

We've been looking for alternatives so that we can treat dark skinned people, pregnant women and those with loss of pigment in their skin.

We've also not been able to treat over eyes and lips

Before

After

Courtesy of Dr. Julie Keiffer

before, so we can reduce the need for fillers by stimulating your own plump lips.

By treating the scalp we lift the face whilst plumping, firming and revising scars, as well as pigmentation. (further including acne scarring and stretchmarks).

We have two introductory offers available until the end of April. Each session will include a LED before each session.

- Our Facelift, which will treat face, neck, decolletage and scalp in a bundle of three is \$990.

After April our Facelifts will be \$480 per session, with a package of 3 at \$1,200 or \$480 per session.

- Or, if you would like to give it a try, Face only for \$99.

Before

After 3 Treatments

We did a session on Chris yesterday (as we like to know what to expect!) - and those who know Chris would know he has never ever been able to get his dark circles and puffiness sorted out. Look at his photo - 24 hours after his first treatment!

He is lost for words! He found the pain very tolerable (a 3 out of 10), with very little to no side effects. This morning his skin has returned to normal.

**50% deposit will be required at time of booking and must be before April 30th 2018. Balance to be paid at appointment.

Winter Face & Body Bundle

truSculpt® 3D

With winter nearing, it is now the time to get your face and body ready for next summer!

Our Winter Face & Body Bundle is here to help ! Bundling truSculpt 3D with a Face & Neck Rejuvenation, get your problem areas treated while giving your face a refresher at the same time!

With any truSculpt session, you will receive a Face & Neck treatment (normally priced at \$350).

Our bundles for body areas, are below:

\$1,850 for two, \$2,450 for three treatments on any Body part (Abdomen, Thighs, Underarms, etc).

If you want your Chin & Jawline treated in this bundle, prices are \$950 for two, and \$1350 for three treatments.

**50% deposit required when booked before 30 April, balance payable on commencement of treatment no later than 1st June 2018 (first day of winter).

Kate Rose Massage now at Lyte

Kate Rose Massage has recently taken residence at Lyte, and as her introduction to Lyte she has a wonderful special for Mother's Day coming up!

Mother's Day Special

Spoil your beautiful Mum with a voucher for Kate Rose Massage. Our Mother's Day special is valid for one year from purchase and provides the freedom to choose a remedial or relaxation massage.

\$25 | 30 min Massage

\$55 | 60 min Massage

\$120 | 60 min Massage + LED Treatment

Valued at \$170, this Mother's Day we are offering a 60-minute massage and LED light therapy treatment! LED combination light therapy targets fine lines and wrinkles and stimulates softer and smoother skin.

Please contact Kate Rose directly for inquiries and bookings on 0413 768 865.

Online Bookings now made easier

We have just changed software at Lyte and with it has come a brand new, easy to use Online Booking system powered by Timely!

We were never quite able to get our old online booking system to function as it should, so out with the old and in with the new. You will now find you don't need to remember another password and username, but instead head over to www.lyte.com.au, click on the "book now" button, and see for yourself just how easy it is! Your account will be linked to either your mobile number or email address, so please ensure your details are up to date with us.

As with all new things, who knows what can happen, we have tested it here with good results, but please let Chris know if you run into any issues.

With this change in software also brings with it a two way text service. So the number you are now receiving your confirmations on is also a way of contacting us by text. Make sure you save it so that you can let us know

if you need products, appointments or changes. You can't call us on it, so make sure you have our landline saved as well. 08 8271 8888.

We will be launching an online store soon via Shopify which also supports AfterPay for your products. This may still be a while away, so keep an eye out for our newsletters!

That's all for now!

**See you soon,
Deb, Christopher & Kumi,
The team at Lyte xx**
